FAMILY

“Two kids. One job in Podgórze.”

SENIOR

“Retired. Moving closer to the grandchildren.”

Podgórze

Everyone needs a place to live.

A bed to sleep in, a school nearby, a tram to work. But where in Kraków?

| So many offers. Where do you even start?

Flat, flat, flat, flat...
but which neighbourhood?

WHAT A LISTING DOES NOT TELL YOU

-  How long is the trip to work or school?
-  Is the air clean? Is it quiet at night?
-  Are there nurseries, doctors, parks?
-  What do flats really sell for here?

WHAT EXISTS TODAY

Listing portals	Flats, not neighbourhoods
Address tools	One address at a time
Price sites	Numbers without the rest of life

Market scan, 3 October 2026: Otodom Analytics, MiejscoMetr, Locumo, Dobra Lokacja, PolandRent.

Find a district: a summary for your needs

A day of research, summed up in one answer.

WHAT MATTERS TO YOU?

Two kids, one job in Podgórze. We want a quiet, green area with nurseries and schools nearby, and a short tram ride to work.

Family profile · one click · the top three of 18 districts explained, from checked facts

IT SAYS WHAT IT DOES NOT KNOW

“Nurseries, schools, and tram links to Podgórze are not covered in these facts.” The model may not guess, so it says so.

Summary

Text written by artificial intelligence from computed data. The scores are computed in code, not by the model.

For your family, the listed facts that matter most are noise, green space, and housing costs; note that nurseries, schools, and tram links to Podgórze are not covered in these facts.

Bieńczyce ranks 1st in Kraków with a score of 59.2 out of 100. It has the best possible air-quality reading for nitrogen dioxide (percentile 100.0), a flat price of 13,036 PLN/m² (percentile 82.4), and a rent of 62.2 PLN/m² a month (percentile 70.6).

Mistrzejowice ranks 2nd with 58.7. Its noise percentile is 58.8, flat prices are 13,123 PLN/m² (percentile 70.6), and rents are 61.5 PLN/m² (percentile 76.5).

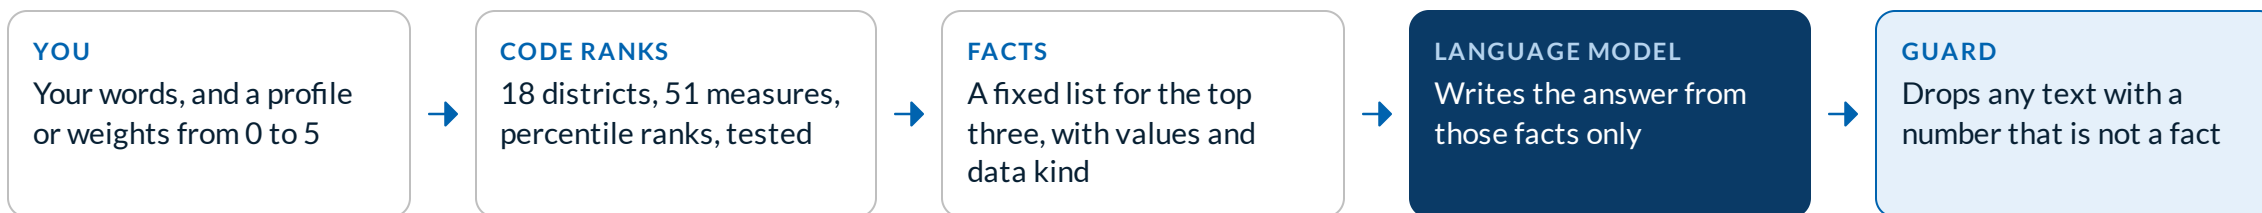

Łagiewniki-Borek Fałęcki ranks 3rd with 58.0. It stands out for green space (percentile 94.1), noise at percentile 52.9, and a flat price of 13,052 PLN/m² (percentile 76.5); rent is 66.7 PLN/m².

Never AI: the score, the ranking, any number.

About the district

This report was written by artificial intelligence from the data.

Łagiewniki-Borek Fałęcki scores 56.7 out of 100 on the livability scale, ranking 5 among Kraków's 18 districts. Its strongest point is green space, covering 25.4% of the district area (rank 2), and it has 2 shopping centres, or 0.4 per km² (rank 3). Air quality is also favourable, with an estimated annual PM2.5 mean of 17.2 µg/m³ (rank 3); this figure is calculated from monitoring data, not measured at address level. On the weaker side, night transit is limited at 190 departures per night (rank 14), the average distance to police, fire station and hospital is 2.2 km (rank 13, a proxy value calculated from other data), and the median asking rent is 66.7 PLN/m² (rank 13). The district has 15,168 registered permanent residents. Recorded-crime data is not included for this city.

What we brought, what we built here, what comes next.

BEFORE HACKYEAH · 29 SEP TO 2 OCT

- Data collection and the database for 18 districts
- Read-only data API, 16 operations, with tests
- AI district reports, with the number guard

AT HACKYEAH · 3 AND 4 OCT

- The personal AI summary, in your own words
- The app: map, find, district, compare, feedback
- Accessibility checks, documents, changelog

NEXT

- Follow-up questions, under the same guard
- Richer facts: commute, nurseries, schools
- Test the answers with residents
- Legal opinion on AI transparency (EU AI Act, Art. 50)
- Run it on a city server

Our ask: let Kraków host it, so every newcomer gets one clear answer.
